SÓMA

Always with Animal Producers

From SOMA to your farm

Since its establishment in 1998, SOMA has stood firm on its slogan 'Promise for the happiness in future generations' by proudly providing livestock animals with wholesome, organic products.

We are proud to bring you our line of products, all with the same attention to quality and effect you can depend on SOMA to deliver. From SOMA to your farm, SOMA products are your natural choice.

SOMA Inc. President **Jeong Soon Cho**

About SOMA

Profile

SOMA Inc. produces more than 60 kinds of eco-friendly feed additives by using biotechnology process, such as probiotics, yeast culture, enzymes, acidifiers, organic minerals, de-odorizing agents, effervescent tablets, and others with possessing technical licenses and brand patents for most products. These feed additives are considered to be alternatives to antibiotics, chemical products, and anti-microbial products which may be related to the concern of human health.

History

- 1998** Established as 'SOMA International Inc.'
Contracted with Hampton Consulting Co., Canada
- 1999** Started export to Asian countries
- 2001** Changed the company name to 'GENEYBIO Inc.'
Possession of 4 patents, 21 trademark rights
- 2006** Acquired 'ISO 9001' registration
- 2007** Changed the company name to 'SOMA Inc.'
- 2012** Acquired 'ISO 14001' registration
- 2013** Establishment of 'SOMA Research Center'
Acquired Certificate of Inno-Biz
- 2015** Moved and expanded to Eumseong Industrial Park
- 2016** Received the Commendation Letter from Ministry of Agriculture, Food and Rural Affairs in Korea (MAFRA) for outstanding export records
- 2017** Certified with Advanced Technology Competitiveness by NICE (Authorized Credit Rating Agency)
- 2018** Acquired GMP certification
Received an export contribution award
- 2020** Acquired Venture Company certification
- 2021** Obtained FAMI-QS certification
- 2022** Obtained Main Biz certification
Obtained Family-Friendly certification
- 2023** Award for outstanding export sales

Major Business

R&D

- Mineral Chelation
- Unique Concentrated Feeds
- Computerized Feeding System
- Brand Pork 'Selen Pork'
- Effervescent Tablets

Contract

- Domestic Market :
Feed mills, Animal producers
- International Market :
Export to 14 countries

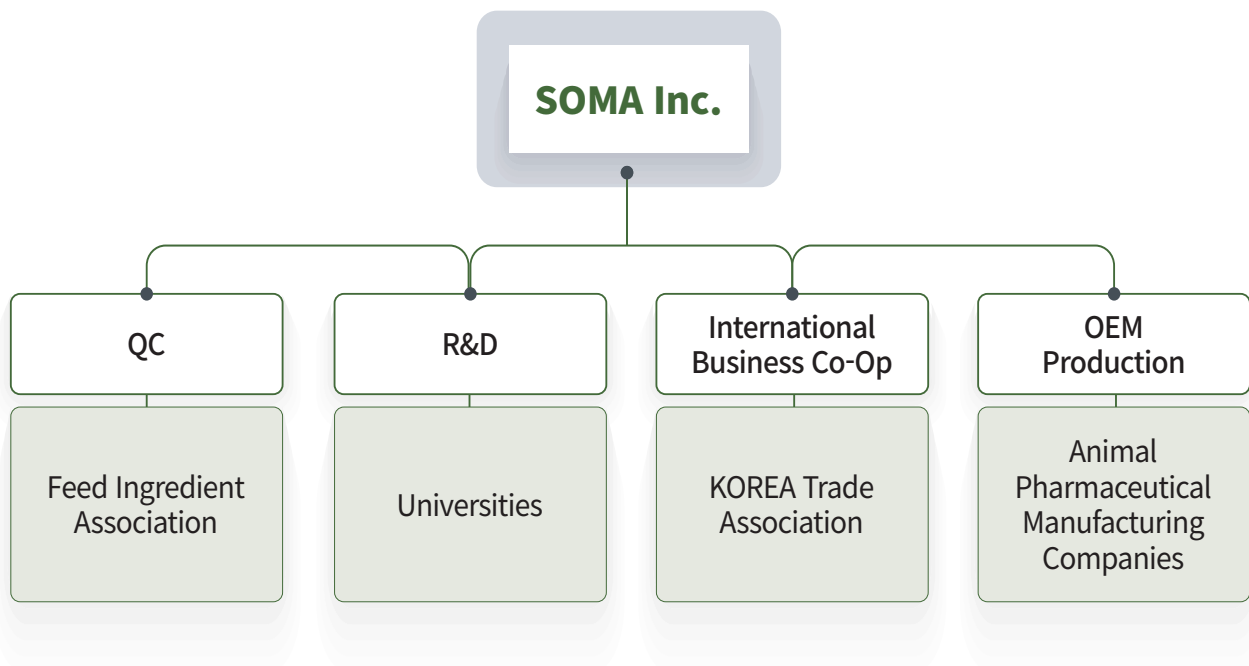

Patents

- ISO 9001, ISO 14001 Acquisition
- FAMI-QS Acquisition
- Patents : 5
- Trademark Rights : 21

Business Network

SOMA's Product Introduction

From biological cell products to genetically cloned organisms, SOMA constantly puts an emphasis on R&D for clean nature and environment. It's SOMA's promise for the happiness in future generations.

AMINOX (Methionine Chelate Type)

Single minerals	Single minerals
Fe-Aminox	Co-Aminox
Cu-Aminox	Mg-Aminox
Zn-Aminox	Se-Aminox
Mn-Aminox	Cr-Aminox

AMINOX (Proteinate Type)

Single minerals
Fe-Aminox
Cu-Aminox
Zn-Aminox
Mn-Aminox

AMINOX COMPLEX (Organic Mineral Premixes)

Aminox Complex series are scientifically formulated organic trace mineral mixed blends containing 8 kinds of single organic minerals, based on the nutrient requirement for each different species and growth stage.

Species	Product	Feeding Stage
Swine	Aminox Complex-S	Sow
	Aminox Complex-G	Grower
Poultry	Aminox Complex-AL	Layer
	Aminox Complex-AB	Broiler
	Aminox Complex-AD	Duck
Ruminants	Aminox Complex-D	Dairy
	Aminox Complex-B	Beef
Aquaculture	Aminox Complex-AS	Shrimp
	Aminox Complex-AF	Fish

POULTRY

PROBIO-SOL

Water Soluble DFM

Effects

- Improvement of appetite and feed intake
- Proliferation of beneficial bacteria in gut

SOMAZYME-303

Concentrated Multi-enzyme Blend For Poultry

Effects

- Improve nutrient digestibility
- Prevent watery droppings
- Increase growth performance

SOMAZYME-PT

Phytase with Strong Heat Endurance

Effects

- Efficient degradation of phytate
- Reduction of feed cost

SEM PLUS

Egg Shell Quality Improvement Agent

Effects

- Improvement of egg shell thickness and strength
- Increase egg production and hatchability

BETA LOCK

Reduction of Heat Stress

Effects

- Reduce environmental stress in chicken
- Increase feed intake

CLEANTEC

Reduction of Harmful Emissions

Effects

- Elimination of harmful gases (NH₃, H₂S)
- Reduction of environmental pollution

SUPER LIVER

Liquid Hepatoprotector

Effects

- Liver function recovery
- Immune enhancement

SOMABOND FORTE/BASIC

Third Generation Mycotoxin Binder

Effects

- Mycotoxin binding property
- Immune enhancement and liver protection

SWINE

PROBIO-G

Direct Fed Microbial

Effects

- Improvement of appetite and feed intake
- Proliferation of beneficial bacteria in gut

SOMAZYME-101

Concentrated Multi-enzyme For Swine

Effects

- Improve nutrient digestibility
- Prevent diarrhea
- Increase growth performance

SOMAZYME-PT

Phytase with Strong Heat Endurance

Effects

- Efficient degradation of phytate
- Reduction of feed cost

MAMMA-SOMA

Sow Milk Stimulator

Effects

- Development of mammary glands
- HBW at farrowing and weaning
- Prevention of anemia in piglets

SOMA-MEAT

Meat Quality Improvement

Effects

- Improvement of carcass
- Reduction of back fat
- Prevention of drip-loss

SOMA-CID

Acidifier with High Palatability

Effects

- Increase appetite and feed intake
- Prevention of diarrhea in young animals
- Facilitation of protein breakdown

NEW IBC

Immune Enhancer for Piglets

Effects

- Increase both cellular and humoral immunity
- Reduce diarrhea in piglets
- Reduce mortality

SOMABOND FORTE/BASIC

Third Generation Mycotoxin Binder

Effects

- Mycotoxin binding property
- Immune enhancement and liver protection

RUMINANTS

SOMA-YEAST

Yeast Culture with Metabolites

Effects

- Increase of appetite and feed intake
- Improvement of digestibility of fiber sources

PROBIO-G

Direct Fed Microbial

Effects

- Improvement of appetite and feed intake
- Proliferation of beneficial bacteria in gut

PROBIO-SOL

Water Soluble DFM

Effects

- Improvement of appetite and feed intake
- Proliferation of beneficial bacteria in gut

ZN-AMINOX

Organic Zinc

Effects

- Decrease somatic cell count
- Hoof protection
- Stress reduction
- Increase milk yield

CLEANTEC

Reduction of Harmful Emissions

Effects

- Elimination of harmful gases (NH₃, H₂S)
- Reduction of environmental pollution

SUPER LIVER

Liquid Hepatoprotector

Effects

- Liver function recovery
- Immune enhancement
- Hoof protection
- Stress reduction
- Increased milk yield

SOMABOND FORTE/BASIC

Third Generation Mycotoxin Binder

Effects

- Mycotoxin binding property
- Immune enhancement and liver protection

BETA LOCK

Heat Stress Alleviator

Effects

- Reduce heat stress in animal
- Improve productivity and meat quality
- Increase feed intake
- Boost up immune modulation

AQUACULTURE

Smile with SOMA

AQUABIO

Water Treatment

Effects

- Control of aqua waste in the bottom of the pond
- Disease prevention

AMINOX AQUA

Water Soluble Organic Minerals and Vitamins

Effects

- Nutrients supplementation
- Facilitation of molting
- Increase weight gain

SM-LIVER

Water Soluble Liver and Pancreas Protector

Effects

- Liver and pancreas function recovery
- Immune enhancement

SM-PHYTO

Anti-parasite Agent

Effects

- Prevention and treatment of ectoparasites and endoparasites
- Immune enhancement

SM-AMINOX

Liquid Organic Minerals and Vitamins

Effects

- Nutrients supplementation
- Facilitation of molting
- Increase weight gain

SM-VITAPRO

Water Soluble Vitamin Premix

Effects

- Growth promotion
- Shorten farming period
- Increase weight gain

SM-BIOZYME

Multi-enzyme for Pond Treatment

Effects

- Improve nutrient digestibility
- Maximize growth performance
- Facilitate water treatment

SM-GROWTH

Essential Amino Acids

Effects

- Growth promotion
- Increase appetite
- Improve immunity
- Improve production volume

Effervescent Tablets

Customized Products

Effervescent Tablets

AMINOX

Vitamins, Minerals, Electrolytes

Effects

- Supplement vitamins and minerals with drinking water
- Improve nutrients absorption
- Reduce stress, Increase immunity

OXYMON

Anti-Oxidant Agent

Effects

- Anti-Oxidation effect
- Improve egg production
- Immune modulation
- Reduce stress

BETA COOL

Heat Stress Alleviator

Effects

- Reduce heat stress during the hot season
- Improve nutrient digestibility
- Increase feed intake

PROMAX

Probiotics

Effects

- Improvement of appetite and feed intake
- Proliferation of beneficial bacteria for normal micrflora in gut

Customized Products

SOMA Inc. offers an OEM/ODM service production based on the wide range of different ingredients, such as minerals(Organic, Inorganic), vitamins, amino acids, enzymes, acidifiers, antioxidants, herbal extracts, and others.

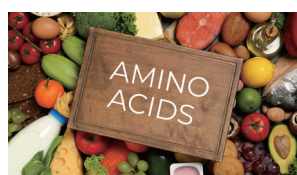

Available Raw Materials

Organic Minerals

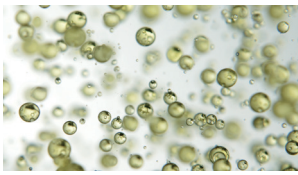

Vitamins

Amino Acids

Probiotics

Enzymes

Organic Acids

Immune Enhancer

Strong Points

- Over 120 kinds of raw materials
- Ensure quality competitiveness through production of patented organic minerals
- Long-established manufacturing technology and know-how
- Ability to develop products that meets customer needs
- Quality control through FAMI-QS system

All SOMA products can be offered in various specifications as shown below.

• 20kg

• 1kg

• 400g

• 1L

• 5L

• 20L
